# Aashish Gottipati

(801) 648-3116 | aashishgottipati@gmail.com | https://agottipati.netlify.app | Salt Lake City, Utah

## Education

**Master of Science, Computer Science** **GPA: 4.00** May 2022
University of Utah Salt Lake City, UT

**Bachelor of Science, Computer Science** **GPA: 3.96** May 2021
University of Utah Salt Lake City, UT

**Associate of Science, General Studies** **GPA: 3.96** August 2018
Weber State University Ogden, UT

## Technical Skills

Python, C#, Java, C++, C, Matlab JavaScript, HTML, CSS AWS, Jira, GIT, Docker, MySQL

## Experience

**Graduate Teaching Assistant** August 2021 – Present
University of Utah Salt Lake City, Utah

- Teaching assistant for both Machine Learning and Deep Learning.
- Assisted students by conducting lectures, tutoring, and grading homework.

**Graduate Research Assistant** May 2021 – Present
University of Utah Salt Lake City, Utah

- Conducted state of the art research on National Radio Dynamic Zones.
- Realized an NRDZ simulation suite to help emulate and model NRDZ environments.

**Software Engineer Intern** August 2020 – May 2021
Northrop Grumman Clearfield, Utah

- Implemented new user features for the APIMS web application with React JS.
- Dockerized development environments, decreasing deployment time by 75%.

**Research Intern (REU)** May 2020 – August 2020
POWDER Salt Lake City, Utah

- Designed and realized a new programmable RAN management architecture.
- Reduced vulnerable LTE network space by 50% through network function virtualization.
- Presented state of the art research on 5G Radio Access Network Security.

## Publications
